

Seek, Answer, Relate, Apply (SARA) Video Presentation Grading Rubric

The following 5 aspects of your video presentation will be scored using the rubric:

poorly (1) slightly (2) well (3) very well (4)

1. answered their SARA question
2. related what they learned to something specific in the class
3. described a specific way the new information can be used to improve someone's life
4. pptx aesthetics (font size/clarity, graphics/photos, bullet points & animations, colors)
5. presenter was engaging, lively, spoke clearly & audibly at a good pace, did not sound like they were reading

The following 4 aspects have their own rubric, shown below.

Sources included a minimum 3 articles:

no (0) included one (1) included two (2) included three (4) included more four or more (5)

Sources: at least two were peer-reviewed:

no (0) included one (2) included two (3) included three or more (4)

All information was cited where appropriate:

no (0) slightly true (1) mostly true (2) completely true (3)

APA-formatted reference list was provided and accurate:

no (0) slightly true (1) mostly true (2) completely true (3)

You will need to record your presentation. I suggest using Screencast-o-matic or zoom. Make SURE the audio and visual components work from beginning to end. Then, go to the class homepage on Canvas.

There, you will find a hyperlink to a shared folder you can drop your video into. If you are having technical difficulties, please contact Canvas support at SUU: 435-865-8555 or SUU IT: 435-865-8200.

I am not tech savvy either 😊
